Video link: https://youtu.be/vhqHEGuBA4U

The Med Joy is the new slim, narrow bioclimatic pergola from the Gibus range. Perfect for terraces and small gardens. With motorised adjustable aluminium louvre blades to allow complete control of the internal environment. Optional fitting of vertical shade screens or glass walls, heaters and LED lighting.

Product **Features**

The louvre blades are able to rotate to any position within a range of 0-120° allowing for your preferred lighting and to release or capture heat. The aluminium 13x13cm square upright posts have a 25cm perimeter with a frame height of 240cm. With the Med Joy being a very versatile product it offers a wide rage of combinations allowing for total freedom of configuration.

Average Cost Per Square Meter (inc VAT)

Projection ↓	Width ➡		
	< 3m	< 4m	< 5m
< 3m	£1,450	£1,150	£1,000
< 4m	£1,200	£950	£850
< 5m	£1,050	£850	£750
< 6m	£1,000	£800	£700
< 7m	£950	£750	£700

Example

Width = 4.5m
Projection = 4.5m

→ 20.25m² coverage
→ ~ £750 per m²

Estimate cost of
£15,187 inc VAT

Gibus®

Med Joy : Bioclimatic Pergola

Key Features

Rain Protection
The blades in the closed position effectively protect against rain, dispatching rainwater into the drainage channels

Sun Protection
The aluminium cover gives optimal protection of direct sun radiation, allowing full control of the amount of light that filters inside

Ventilation
A pleasant and cooling breeze is enjoyed by slightly opening the blades to create the natural flow of air that rises.

Popular Options

Drops Blinds
Blind in self-supporting vertical box cassette with guides including ZIP system for complete wind and rain protection.

Glisse Sliding Glass Walls
Sliding glass walls on stainless steel tracks, in 2, 3 or 4 way solutions and up to 8 doors without perimeter profiles. Toughened safety glass from 10 to 12mm thick

Skate Folding Glass Walls
Sliding and folding wall panels made of toughened 10mm safety glass without perimeter profiles.

RGB LED Strips
RGB LED strips applied along the inside perimeter. Set a single colour choice from 7 options: white, yellow, orange, red, green, blue and purple. Or create your own light program.

Perimeter LED Spots
Rectangular LED spotlights integrated inside the perimeter gutter of the structure. Arranged every 50 cm in groups of 6 per light point, each 3 Watts.

Blade LED Spots
Rectangular 3 watt LED spotlights integrated inside the blades to guarantee excellent light distribution over the entire surface covered.
